

**Peter van Erp, Environmental Program Specialist,
NYS Dept. of Environmental Conservation Division of Materials Management**

Peter has worked for the Department in the Product Stewardship and Waste Reduction Section since 2013 where his primary focus has been on the implementation of New York State's e-waste program. Peter has also been significantly involved with the state's other product stewardship programs, such as the rechargeable battery program and thermostat recycling program. He also is active in the in NYS's Mercury-added consumer product law.
