Data Management Training

2018 – Wrap up
What we heard

• Need a closer integration with the 319 program and GRTS
• Need a forum/location to share tools that are being developed by states and a forum to facilitate cooperation
• Need a focus in ATTAINS on Reports and getting some useful reporting functionality (including GIS)
• Need to work with the states are Regions over the next month to finalize what will become WQ-35
  • Need an answer on what is the baseline and how it works
  • Need an answer on what’s the core story we want to tell
One More Thing
Taking the Plunge Award

Awarded to the State of Tennessee for ‘Taking the Plunge’ and being the FIRST to submit to the new ATTAINS

Baby Falls, Upper Tellico River, Tennessee
Finish Line Award

Awarded to the State of South Dakota and EPA Region 8 for being the first state to successfully navigate the entire submission and approval process in ATTAINS
